23 October 2012

Dear Mr Pettit

**Croxley Rail Link Transport and Works Act Order Inquiry  
Ref: OBJ74**

Thank you for your views which were outlined in your email to the Inquiry Inspector, Mr Pykett dated 18 October 2012, which the programme officer has passed on to the applicants.

As set out in the evidence provided by Messrs Foley and Hunter, we believe the CRL team has already presented sufficient evidence to the inquiry and the Inspector as to why a split service cannot be introduced on operational and business case grounds and therefore why it would not be possible to retain a passenger service to Watford Met station if the Croxley Rail Link comes into operation.

Thank you once again for your interest in our scheme.

Yours sincerely

Tom Duckmanton  
Project Manager  
For and on behalf of Croxley Rail Link

Croxley Rail Link is being developed by Hertfordshire County Council with support from London Underground Limited and Network Rail.
