Client (if applicable):

Dear Ms Golding

Transport and Works Act 1992 - Croxley Rail Link Order Inquiry

The above inquiry opened on 9 October 2012. The proceedings were largely completed by Thursday 19 October, but the Inspector could not close the inquiry because of an outstanding issue in relation to an exchange land proposal included in the draft Order. The Inspector has informed me that the matter has now been resolved. The application for an exchange land certificate in relation to the land at Lavrock Lane, Croxley is no longer required, and the relevant parts of the draft Order have been amended accordingly.

I therefore write to inform you that the Inspector has now closed the inquiry.

Yours faithfully

Yvonne Parker
Programme Officer
